The Equity Integrated Health Center Manager is responsible for the delivery of The Equity Integrated Health Center (Equity Center) goals from 2023 – 2027. The Equity Center's goal is to build and pilot an integrated healthcare ecosystem to meet the needs of impoverished populations disparately impacted by COVID-19 in the City of Coatesville and contiguous townships and municipalities. The Equity Center will provide multidisciplinary, high-quality healthcare and services, which were lost when the area's only hospital closed due to the pandemic. The new services will ensure high-quality care is provided in a manner that is whole-person centered, equitable and culturally-tailored through a coordinated Community & Provider Network, utilize digital technology to remove barriers to access, reduce disparities and fulfill service gaps currently experienced by the diverse and largely impoverished surrounding community. The Equity Center brings together key project partners to build and implement needed healthcare services and co-locate these complimentary services at the Brandywine Health & Housing Center's existing mixed-use building in the center of Coatesville.

The Equity Integrated Health Center Manager is responsible for coordinating the Community & Provider Network in the implementation of The Equity Center vision and goals. The Equity Integrated Health Center Manager is responsible for the collection of financial and program data and reporting of outputs and outcomes to Chester County.
